## Presents Annual Report

New Membership Dues  
Schedule Is Easing  
Some of the Burdens

Membership dues under the schedule of payments which went into effect June 1, 1947, were responsible for collection of approximately \$20,000 and were cited by President Florian Boyd of the Chamber of Commerce as a partial means of solving the vexing problem of finances if given a chance.

Boyd read this statement from the annual report of the Chamber's activity before members gathered at the second open forum luncheon meeting held at the Palm Springs Tennis Club today.

BOYD POINTED OUT that this new fee schedule was not in effect for members because the date for yearly dues was changed from the fiscal year to the calendar year necessitating an additional seven months of membership for those who had paid their dues during the fiscal period.

He was of the opinion that a full 12-month period under the new schedule of payments would go a long way toward easing the financial problems of the Chamber.

IN ADDITION to the \$20,000 obtained through membership dues, Boyd pointed out that the period just closed saw the city council assist the Chamber in its publicity campaign with a total of \$4,500 earmarked for advertising and publicity.

Boyd paid tribute to the present city council in permitting the city election today when the voters will decide if a greater allocation of financial assistance shall be granted the Chamber of Commerce for publicity and advertising.

THOSE PRESENT at the meeting heard him recite the work accomplished by the chamber during the 12 months, his election to fill the position he now holds after Jimmie Shea resigned; the employment of Earl O'Day as a exploitation and publicity specialist and the successful job the latter has accomplished in free publicity for the Village through the newspapers of the nation.

### This Side Of The Sun

By Phat

Listen my children and you shall hear—  
May's the best month of the whole darn year.

That's the effect of reading history on Sunday . . . Seems it was about 182 years ago Sunday that Paul Revere made his famous ride . . . Mentioned that fact to a character in the 200 block on the drive yesterday and he wanted to know what track, the odds and who placed and showed . . . Anyway, Mr. Revere would have to carry more than two lanterns up the belfry if he wanted to repeat his ride today . . . Three if by air, four for submarines, and so on . . . Life was simpler then . . . Anyway, it was a chance to get in a plug for stay-through-May in another way . . . Don't let those few three-digit days of last week fool you . . . There's always a flare-up in April and then in May there are always a few days when a fire in the grate is great.

THE FORTY AND EIGHT held a three-county convention here last Saturday night . . . They called it a "wreck" . . . Most of them felt that way Sunday . . . Charley St. George, who looks after the Memorial building, says that since it was opened on Jan. 3 this year almost 20,000 people have attended functions there . . . He also said that one of the local Legion post's claims to fame had been shattered . . . They used to be able to say that their post had members enrolled from every profession except undertakers . . . Not Now—W. H. Chapman, mortician, with Wiefels and Sons, joined last week.

HAD AN INTERESTING conversation with Jim Whitehorn the other night . . . He was discussing on the great progress being made in electronics . . . "It won't be long," he said, "before you'll step into your automobile, say a few words to it and away it will go to where you want it to go." . . . I can see serious objections to such an invitation . . . Think of the opportunities for a back seat driver . . . And some wives would probably make records of their voices with all the usual admonitions, and install them in the car for occasions when they weren't along . . . And what about passing drivers? PRIZE WINNERS—"Remember They Gave," Poppy poster drawn by Alma Pickell, sixth grader at Frances Stevens school, and "Wake Up, America," made by Theresa Croteau of Nellie Coffman school, not only won the local Legion Auxiliary award but were adjudged best in their respective divisions in the district contest at Buena Park last week. They now go to San Francisco to seek state honors.

## Spring Frolic To Be Gay One At Tennis Club

Deadline time.

Time to get one of the tickets for the Spring Frolic tomorrow night at the Tennis Club is waning fast. The number of tickets is limited and Max Dresdner, in charge of the sale of ducats, last night said the buying pace was picking up and unless those who do not want to miss a great evening of fun hurry, they may be shut out.

THE SPRING FROLIC is sponsored by the chamber of commerce with a view to bolstering the fund for advertising the Village so that next season will be even bigger and better.

Chairman Harold Hicks and co-assistant chairmen, Milt Hicks and George Strebe have been active for the past week building up a program of what it takes to bring Villagers, visitors and residents of the adjacent area the tops in entertainment and fun.

THE TENNIS CLUB will be especially decorated for this event and Lee Bering, manager of the world-famed spot, promises the best in buffet dinners with no waits or delays as there will be plenty on hand eager to serve.

Leo Fields is in charge of the entertainment and Len Kirk and Mary Jane Hicks in charge of games.

Chairman Hicks said the Frolicers will have the run of the club inside and out and there'll be a veritable fairland of booths to add to the excitement and pleasure of the throngs.

## Fire Halts Traffic

Truck and Hay Cargo Destroyed in Blaze

Fanned by a strong wind a truck and trailer loaded with 15 tons of hay was totally destroyed by fire early Sunday morning.

Owner and driver of the vehicle, A. Grant of San Bernardino told State Forestry Division Fireman Gene Smith, Cathedral City, that an overheated exhaust pipe caused the fire, a little before 6 a. m. Sunday.

Traffic moving to and from the Village was stopped one mile north of the city by the fire. The hay was being transported from Imperial Valley to San Bernardino.

## Don't Shoot

Water Pipe Line No Target Is Police Ultimatum

Riflemen and pistol-toting guys with a yen to try their marksmanship had better stop using the above-ground water mains leading to the Village as targets.

Palm Springs Water company asked police this week for protection against promiscuous shooters who punctured the water line north of the city forty times.

Police agreed to patrol the area.

## Village Posters Best

Local Girls Win Here and Then Go On To Take District Honors; San Francisco Next

Alma Pickell, sixth grade student of Frances Stevens school, and Theresa Croteau, seventh grader of Nellie Coffman junior high, are the proud winners of the American Legion Auxiliary Poppy Poster contest conducted by the 21st District (Riverside and Orange Counties), at Buena Park last week.

Each won first place in the two counties in their respective group, Elementary and Junior high classes following similar victories locally. The winning posters will be forwarded to San Francisco to compete in the state contest scheduled to be held there May 1.

NINETY-NINE posters were submitted by students of Frances Stevens, Cathedral City and Desert Hot Springs Elementary schools, and the Nellie Coffman Junior High for the local contest sponsored by Owen Coffman Unit of the Auxiliary. Selection of the winning posters was based upon appeal, originality, artistic ability and neatness. The posters were made under the direct supervision of Miss Era Franklin, art director, and Miss Katherine Finney, superintendent of the Desert School district.

According to Mrs. Jay Morrison, Poppy chairman for the Auxiliary, many of the posters were outstanding and all were exceptionally well done. Each one conveys a forcible poppy message.

WINNERS in the local contest, held at the Wars Memorial building are as follows:

Nellie Coffman Junior High: Theresa Croteau, first place; Roger Welles, second; Lois Le Brun, third; and Jim Haidet, honorable mention.

Cathedral City: Harry Krings, first place; George Ann Walker, second; Roy Godwin, third; Rachael Canoles, honorable mention.

Desert Hot Springs: Garry Lampman, first place; Philip Yager, second; Allan Frodin, third; Faith Bone, honorable mention.

Frances Stevens: Alma Pickell, first place; James Lewis, second; Olive Ritter, third; Joe LeBrun, honorable mention.

Prize medals and awards will be presented to the winners at the commencement exercises in May.

LOCAL JUDGES were Mrs. Arthur L. Merrill, Mrs. Robert Ellsworth, Mrs. Harold Lienau, Mrs. Homer Jenkins, Mrs. Herman Reich, Mrs. Edward Hadon, and Mrs. Lena Basilone.

The posters made locally will be on display in the Village prior to Poppy Day, May 22, to emphasize the significance of the red crepe paper poppies which will be on sale then by members of the American Legion Auxiliary for the benefit of hospitalized veterans and their dependents.

## Palm Canyon Air Crash Victims Safe

Search for Second Victim Ends Successfully At 11 P. M. Yesterday

Search for the missing injured pilot of a former army basic training plane that crashed in the upper regions of Palm Canyon ended successfully at approximately 11 o'clock last night.

In the Palm Springs Community Hospital suffering from painful injuries and possible skull fracture is Tommy Mee, former army pilot and King City contractor. His passenger and employee Cecil Christianson is in the Hemet Community Hospital suffering painful injuries.

FIRST INTIMATION that a crash had occurred was reported with the appearance of Christianson at the Hemet Community Hospital suffering from shock and painful injuries. The story he told started a search by aircraft of the March Field Air Rescue Service and the organization of a sheriff posse from Hemet and a similar searching party headed by Jim Maynard, Palm Springs police officer who lead his men up the canyon from the floor of the desert.

According to Christianson, his employer and pilot of the ship.

## Police Puzzle

How Did Burglar Get This Man's Wallet

Police were puzzled by the report made by Sam Barsky, guest at a local hotel, that his room was entered and his trousers were rifled of his pocketbook containing all his money.

The puzzle, according to police reports, was how a thief was able to stick his hand through a small opening in a window screen, reach a considerable distance across the room and filch the missing pocketbook. There was no indication the burglar had entered the room, police reported.

## Fireman's Ball

Legion Auditorium To Be Scene of Gay Event

Fires in the Village will definitely be out of style come Saturday night.

That's what Palm Springs Volunteer Firemen are sponsoring a Fireman's Ball to be held in the American Legion auditorium.

Music will be furnished by Ewing Parker and his band.

Tickets to the affair are going fast at \$1.20 including tax.

Harold Smith, chairman, announced that a good time is assured all who attend. The dance will start at 9 p. m.

## Palm Springs Wettest

Leads County in Liquor Sales for Period Between July 1 and Dec. 31, Bonelli Reports

Palm Springs was the first city in the consumption of distilled and fermented beverages in Riverside county for the period between July 1, 1947, and December 31, 1947, according to announcement by the office of William G. Bonelli, fourth district member of the state board of equalization.

Palm Springs' share in the \$1,882,454.77 being distributed by the SBE as revenue from alcoholic beverage licenses for the six-month period is \$3,781.25. Second in the county is Riverside with \$3,345.00. The county as a whole received \$20,847.38 with \$4,975.33 going to unincorporated areas.

Driest city in the county is Beaumont which will receive \$387.50.

The distribution this time, Bonelli said, is of mixed nature as the change in method of distribution went into effect on Sept. 19, last year. The state retains half of liquor fees collected as provided by the old law from

## Have You Voted?

Special Election Polls Open Until 7 P. M.

There's still time to vote in today's special fund election. The polls do not close until 7 p. m. Residents in Precincts 2, 3, 4, 5 and 9 vote at Frances Stevens school, precincts 1, 6, 7 and 8 at Littleton's garage.

"It won't take long but it's mighty important to the community as it affects the future of advertising and publicity to keep the Village in the forefront," sponsors of the proposal on the ballot said.

## Burke Suffers Broken Leg in Riding Mishap

One casualty this year marred the annual Palms-to-Pine ride in which 31 horsemen took part under the guidance of Trav Rogers.

Anthony (Tony) Burke, popular Villager, suffered a broken leg on the second day of the ride when the horse in front of the one he was riding, kicked back. Burke was thrown from his horse by the blow and was in great pain.

FIRST AID was rendered by a physician who happened to be fishing in the vicinity and Harold Murphy then brought Burke to the hospital here in Rogers automobile.

The accident occurred Friday noon near Henshaw dam.

The ride itself saw the group start off from the Park Ranch near Cabuilla on the Palms-to-Pines highway Wednesday. The horses had been trucked to that spot.

FIRST NIGHT'S camp was pitched at Dead Man's Hole followed the next morning by a ride around Henshaw lake. The second night the cavalcade camped at Henshaw dam and Friday rode up the east slope of Palomar mountain.

Doan Valley was the night's stopping point. Saturday the riders went to the Oak Grove ranger station where camp was pitched that night. Sunday they returned to Park Ranch for luncheon and later, dispersal to their homes.

## The PUBLISHER'S Corner

by OLIVER B. JAYNES

THE HOSPITAL ISSUE: There are a lot of fine people in Palm Springs but the fact is that many of them don't get along any too well. The community is beset with factional groups that hamper its development and progress. This is generally true with most towns of this size—but the very nature of the Village, together with its spectacular growth, has only served to fan the flame of dissension. Almost every community project is bitterly contested by one faction or another.

It is hoped by many that the community can unite on the proposal to form a Hospital District which is now being placed before the people. Three years ago when the campaign to build a community hospital was conducted, the people lined up squarely behind it. Since then they have been about as united as the "United" nations. The Palm Springs Community Hospital has been the scene of a pitched battle on one hand and an institution of mercy on the other. All of which goes to show that Villagers will fight over anything.

NOW, IT SEEMS, we have to start all over again. The building fund of \$150,000, as it turned out, wouldn't have built a large enough hospital, to take care of The Desert Sun staff when they're all down with the flu at the same time. So that was out of the question. Then after the war Torney Hospital was vacated and the prize community squabble was born. (That was my baptism of fire.) Out of it so far we have had the use of one of the buildings as a temporary hospital for one dollar a year.

But now a new problem arises—two of them, as a matter of fact: 1) The hospital is having to be supported by popular subscription to the tune of about \$25,000 a year to make up the inevitable deficit brought about by seasonal operation and having to serve those who cannot pay. 2) The possibility that the hospital may be forced out of its present quarters when the property is disposed of by the government.

THE ANSWER, members of the Community Hospital board believe, is the formation of a Hospital District along much the same lines as the present School District. The hospital would then be operated by a board elected by the people (after the supervisors have appointed the first one), and its deficit would be born by the property owners of the district. There are other advantages—and perhaps a few drawbacks—but the former seem to considerably outweigh the latter. More details concerning the plan will appear in subsequent issues of The Desert Sun. A map of the proposed district appears in this issue.

If there are any sound arguments against the formation of a hospital district, The Desert Sun would like to know about them. Let's keep this one out in the open. Complaints issued behind closed doors will not help nor greatly hinder—just cause bad feeling.

Maybe everything's going to be fine and dandy on this proposal. Wouldn't that be something?

## Leaders of Desert Area Back Plan

First Steps Toward Formation of Desert Hospital Under Way

Almost one hundred civic leaders of this area yesterday formally launched a campaign to create the Desert Hospital District to provide adequate financing for maintenance of the present Community Hospital here.

After unanimously indorsing the idea as outlined to them by Frank Bennett, president of the Hospital Association, and Ken-

(Map on Page 12)

neth Kirk, general chairman of the district plan, nearly half of the 100 men and women present accepted petitions which they will circulate at once to obtain the required signatures for calling of the special election to form the district.

UNDER THE PRESENT timetable it is planned to hold the election about December 15 to permit residents time to return from their summer vacations. The earliest the election could be held is in August due to preliminary hearings and legal advertising requirements, and this date was considered by Chairman Kirk as out of the question.

The workers have been requested to return the petitions to the general chairman at a meeting in the Fiesta House of the Desert Inn set for 3 p. m., Friday, April 30. Afterward the petitions will be submitted to the county officials and the legal machinery See HOSPITAL DISTRICT, Pg. 12

### Travelogue Digs Into Colorful Past

George H. Spears Presents Result of Years  
Of Work in Hand-Painted History Slides

The fruits of ten to twelve years work were presented to the P.S.H.S. assembly Thursday, April 8, when George H. Spears showed a travelogue of hand-painted slides on the history of California.

With the aid of the slides, Mr. Spears was able to show as well as tell the high lights of the glorious history of California. His lecture covered the landing of the first explorers down through the rip-roaring gold rush days. He showed slides on several ghost towns where blazing history was

made, but where today only one or two people live. One of these was Columbia, which, had it received three more votes, would have become the capital of California.

Mr. Spears' wife exhibited a series of hand painted photographs of landscapes, in the study hall until 2 p.m. The colorful pictures were of various California parks and mountains.

Mr. and Mrs. Spears are planning a journey east shortly to prepare a travelogue on colonial America that will also be shown in schools throughout the country.

### ON DRIVING

Driving a car is like guiding your mind. If you think before you act you can avoid many accidents. There are various types of drivers, as follows:

The road hog is the person who drives extremely slow and then speed up just as a car is about to pass.

The dreamer leans one elbow on the wheel and proceeds to let his mind wander aimlessly.

Then there's the panicky creature who loses his head in an emergency when a little brain-control would have saved the day.

The smart-alec shows off in unimaginable ways and just as he looks to see if his audience is appreciating him—Bang!

The ideal driver is the one in whose tire tracks to follow. He drives carefully and skillfully. He concentrates on what he is going to do next while keeping an eye on his fellow drivers. He's considerate and keeps his head in a ticklish situation and remembers at all times that the best way to show off good driving is to be cautious.

I'll close with a question for tonight. Would you rather arrive in peace or pieces?—Brownie Browne.

## Frosh Class Puts On Enjoyable Frolic and Dance

Yes sir, the freshmen did themselves proud that Saturday with their freshman frolic. They went all out for decorations, including balloons which were the object of sharp fingernails all evening.

The girls looked like "walking Spring" with their fresh, cotton dresses. Did you see Mary Frost, Marilyn Ellsworth, Norma Smith, Adele Woods, and some of the others. Um-m-m, nice.

Katie Mills and Corky Hammond won the prize for best dancers and Katie was the proud owner of a lovely, gardenia corsage and Corky, of a carnation.

Couples were swinging and swaying to the harmony of platter music.

There was an auction of faculty caricatures drawn by different freshmen artists.

Cokes between dances hit the spot. Everyone had a neat time—thanks, freshies!!!

Herb Foster, Dave Culver and Bill Reichel off on the four day horseback ride Wednesday.

## Mrs. Sanborn to Head Local Drive For Cancer Fund

Mrs. Gerald K. Sanborn has been appointed chairman of the American Cancer Society drive in the Palm Springs area and will be assisted by Mrs. Harold Lienau, Mrs. Harold Murphy and Mrs. Eugene Hughes.

No personal canvass will be made here but letters will be sent out requesting donations and boxes will be set up in various strategic spots for collections. The county quota is \$12,000 and it is hoped to raise this sum by May 1.

According to information from county headquarters, the cancer rate is high in the desert area and much of the money subscribed will be of aid in the lower Coachella and Imperial valleys.

Mrs. Sanborn's appointment was made by the Welfare and Friendly Aid association.

## Poulsen Bill Hit By Villagers As "Worst One Yet"

Legislation introduced in the house of representatives by Congressman Poulsen to divorce the Agua Caliente Band of Indians from federal supervision would, if enacted, create an autonomous government within the city limits of Palm Springs.

This is the opinion of Villagers who have watched for many years legislative attempts by self-claimed friends of local Indians but who believe that the Poulsen bill is more drastic than any ever introduced.

**THE BILL**, introduced March 30, provides for the creation of a California corporation which will control all property belonging to the local tribe.

The bill would make the tribe an independent group and create a political community occupying the Agua Caliente Indian Reservation. In part the bill provides:

"In addition to all powers vested in any Indian tribe or tribal council by existing law, the Tribal Council of the Agua Caliente Band is authorized and empowered to exercise the following powers: to preserve and maintain its tribal monuments, archives, village burial places, parks and its hot springs; to hold, manage, allot, lease, mortgage, sell and dispose of real and personal property of every kind and description."

**THE POSSIBILITY** of a government within a government is seen in the following provisions:

"To administer its laws, property and finances; to restate its laws, establish a civil court for its reservation, and revise its land records; to employ legal counsel, prosecute claims, create trust funds, negotiate with Federal, state and local governments and regulate improvements, buildings, highways, public services and territorial annexations and mergers, sanitary dwellings, hospitalization, education and to enter into contracts without the approval of the Secretary of the Interior and Commissioner of Indian Affairs."

**COUNCILMAN** Tom Kieley, chairman of the city committee on Indian Affairs, said that the municipality was not averse to giving the Indians the right to dispose of their lands and their admission to the rights of full U. S. citizenship but the creation of a second governmental entity within the city limits of Palm Springs would be hotly contested.

Earl Coffman who has watched the Indian situation here for years was of the same opinion as Councilman Kieley, but was sure such a bill would never be passed by congress.

## Re-Elected

All Members of Calelectric Board Returned to Office

All ten members of the California Electric Power company directorate were re-elected at the company's annual meeting in Denver according to word to Francis F. Crocker, local superintendent, from the office of President Albert Cagle.

**"I'M GOING  
ON A DIET"**

★ Perhaps overeating is the most common dietary indiscretion. The natural result of overeating is obesity. It has been said that we in America eat ourselves into a premature grave. The pendulum then frequently swings back to the other extreme. We go on a diet. Many self-imposed reducing diets wouldn't keep a bird alive, and often serious vitamin, mineral, and protein deficiencies result.

In recent years great strides have been made in our knowledge of nutrition. For the maintenance of optimal health one must be assured that proper balance of various foods is maintained. For dietary advice of any kind see your physician. You can then be certain that all bodily needs are being adequately met. Bring your prescriptions to us.

## Teen Target Gets Ready to Resume Operations Soon

Teen Target will open its doors in about two weeks, according to Mrs. Harold Hicks, head of the Youth Center committee of the Welfare and Friendly Aid association. Mr. and Mrs. Leslie B. Jackson, the new directors will set the actual opening date after a meeting with high school students this week. They recently disposed of their business in the Village and have been placed on salary by the Youth Center as of April 15.

Friday Director Johnson addressed high school students during assembly and reported to Mrs. Hicks that his announcement that the Teen Target would re-open met with great enthusiasm.

Addition to the facilities of the Teen Target when it re-opens will be a black-top outdoor game area.

Answering a frantic call for help from the home of Mrs. Gwyneta Cobb, 859 Avenida de Los Olivos, Officers Ted Greene and Ray King Saturday reported that a "scorpion was making a frontal attack on the house."

The result of the officer's dash to Mrs. Cobb's home is contained in the remainder of their report. "This unit was successful in bringing one scorpion's life to a close. All clear."

## Juvenile Escapees Recaptured Here by Three Policemen

It took the combined effort of three Village policemen to arrest two youthful escapees from Twin Pines Camp, Riverside county juvenile detention home, Friday.

Returned to custody were Richard Lyons, 15, Village lad previously convicted on two counts of grand theft auto and Donald Fedder, 15, 810 West 7th street Corona, in detention following a charge of burglary.

Sergeant Stanley Ehlert's suspension was aroused when he saw a woman, who later proved to be the mother of Lyons, chasing him up Indian avenue. Investigation revealed that the mother wanted to return the son to juvenile authorities.

Obtaining the assistance of Officers Ted Greene and Ray King, he arrested the two boys ten minutes later at Andreas road and Calle Encilla.

## Thursday Final Day to Register For June 1 Vote

Day after tomorrow is the last day in which to register for the June 1 primaries, Mrs. Louise McCarn, city clerk and deputy county registrar, reminded voters today.

When the books are finally closed it is expected registration here will have set a new record by a large margin over previous figures here.

In the county, County Clerk G. A. Pequignat said Saturday that total registration figures were approaching the 60,000 mark and that an all-time high mark was in prospect.

As of Friday, there were 59,462 voters listed in the county with 4,000 more forms to be processed for duplications.

The county passed the county seat in registration last week with 28,898 registered in cities and unincorporated territory outside of Riverside city and 20,564 registered in the city.

Every qualified voter in the county area is urged to get his name on the great register before Thursday, April 22, the deadline.

# Softball Games to Start At Field Club on June 1

## Managers Meet With Partridge To Plan Season

Village softball fans will be treated to the first game of the season at the Field Club June 1.

This was the announcement made last week by Village Czar of the Palm Springs Softball League, Frank Partridge. He said that managers and their assistants representing six teams met at his studio in the Center Wednesday night and, in addition to voting him High Commissioner of Softball, decided that the season would run from June 1 to September 15.

Teams participating include: Desert Hot Springs Junior Chamber of Commerce, Joshua Tree, Mexican Colony, White Sox, Negro Team, Lions Club. There is a possibility that the Owen Coffman Post of the American Legion will place a team in the field too.

As was the case last summer, games will be divided into two loops with the final series of games closing September 15 followed by play-offs.

"Anyone interested in taking a part in the games should get in touch with me," declared Commissioner Partridge. He added that he would see that those interested in playing would be placed on a team of their choice. "But they've got to do it now and not when the team they want a place on is riding the heap with a series of victories," Partridge warned.

### Coch Weeks Putting Players Through Try-Outs

Chaffey, Nichols and French are in the lead in tennis play at Palm Springs high school as Coach John Weeks is putting his charges through an elimination tournament to pick the high school league team for matches which start this month.

Purcell and Luke are right behind the leaders and competition is keen.

The two-week tournament is expected to end soon.

Members may bring a guest with them.

## Fish Fry

### Fish and Game Group Prepare Annual Event

Annual fish-fry staged by the Palm Springs Fish and Game Association will take place May 22.

The event is being held a few days later than usual this year because the O'Donnell Golf course will not be available until May 22 and because good tasty corn will not reach the market until that week.

Not more than 500 tickets to the popular event will be sold this year, declared President Bill Leonzio. On the menu for that night in addition to two luscious nine-inch trout each will be the aforementioned corn, a green salad that is usually out of this world and plenty of garlic bread.

Last year the beer was "for free" but it will be a different story this year—prices are higher, if you must know.

The fish-fries have enjoyed a strong Village-wide popularity and it is predicted that when the tickets hit the market they will be gobbled up fast.

## Sherman Braves Down Indians In Loop Opener, 4-2

Palm Springs Indians dropped their first Riverside County league game to the Banning Braves by a score of 4 to 2 on the victor's grounds.

Ray Roberts was on the mound for the Villagers and fanned 15 opponents. Siva, Sherman hurler, whiffed 11 Indians in the pitcher's duel. Roberts was tagged for seven hits, Siva for six. Thomas and Soto got two each of this number, one a triple by Thomas. The Indians also dropped their second county loop game with San Jacinto, league leader, dumped them 5 to 2 on the local lot. The game was played on Thursday afternoon.

## Mrs. Boyd Wins

### Former Villager Takes Riverside Tournament

Mrs. Philip L. Boyd, former Villager, wife of the state assemblyman from this district, took top honors in the Fleming-Liggett golf tournament at Victoria Country club in Riverside. She won from Mrs. Wayne Corbin, runner-up, on the 20th hole.

Deliberate with caution, but act with decision; and yield with graciousness or oppose with firmness.—Colton.

## Indians Second In Triangular Meet; C Squad Winner

Each one of the three schools involved grabbed a piece of the glory in a triangular meet staged at Perris with Perris, Palm Springs and Hemet participating. Perris took the varsity meet with the Indians close behind and Hemet third; Hemet took the B meet with Perris second and Palm Springs third and the local C team took that branch of the event with Perris second and Hemet third.

IN VARSITY competition, the Indians rolled up a flock of seconds, some thirds and fourths along with three firsts. Singelyn took the 120 lows 14:4. Wisen and Borden were in a four-way tie for first in the vault, and the relay team won.

The other points came when Simpson picked up seconds in both sprints, Styers in the quarter, Raphael in the high sticks, Pierce in the broad and high jump, Blackhart a third in the 220, Simpson a third in the broad jump, and fourths by Martin in the half, Styers in the shot and Singelyn in the broad jump. The Villagers scored in every event but the mile.

THE RELAY went to the Indians in 1:36:2. Final scores were: Varsity — Perris, 49½; Palm Springs, 40; Hemet, 34½. Class B—Hemet, 59; Perris, 37; Palm Springs, 18. Class C—Palm Springs, 33; Perris, 31; Hemet, 29.

**Chief Honored on Anniversary**

Head of Police Department Presented With Beautiful Wrist Watch at Dinner Dance

Third anniversary of Chief of Police August Kettmann's appointment as head of Palm Springs Police department was celebrated at a gala dinner-dance Friday night at Del Tahquitz Hotel with Max Dresdner acting as the host.

It was a surprise party for the chief and every policeman off duty that evening was on hand to lend their voices in singing "For He's a Jolly Good Fellow," as Kettmann, Mrs. Kettmann and Judge and Mrs. Eugene E. Theriault stepped through the doors of the flower-bedecked dining room.

**CHAIRMAN** of the affair, Charley Valentino presented the chief a beautiful gold wrist watch. Leo Fields acted as the Master of Ceremonies during the evening. For entertainment Fields brought Frank Sinatra who sang a song dedicated to the chief and Connie of the Dunes who rendered several songs.

Pat Barbara and his band played for the dance.

In addition to police personnel, Mayor and Mrs. Clarence Hyde were present. The mayor, retir-

ing from office today, lauded Chief Kettmann for the excellent police department he has built up.

**JUDGE THERIEAU** addressed the diners and praised the chief for his efficient operation of the department.

Max Dresdner was lavish in his arrangement of the room for the occasion. A specially constructed dance floor was installed and the floral arrangements on the tables was done by the Village Florists in The Center.

Art Butler, maitre d' supervised the entire dinner.

Others in addition to the police personnel who were on hand for the affair included Robert Peterson, city treasurer, Harold Higgins and F. P. Wright, both of the FBI and Fred Duffy, constable for Palm Springs Township.

**Out Car and Cash**

Police Seek Man Known As Jerry Donovan

Merrel U. Martin, 138 Andreas road, was out \$100 in cash and his automobile following a business transaction with a man believed by Chief of Police August Kettmann, to be an ex-Folsom inmate.

Martin told the chief he was introduced to the man giving his name as Jerry Donovan who was seeking to purchase an automobile.

On Wednesday Martin completed a transaction with Donovan for the sale of the former's automobile for \$850.

Donovan made out the check for \$950 receiving \$100 in cash and departing with the money and automobile, promising to return Saturday for the ownership certificate.

Meanwhile Martin presented the check for \$950 to the Bank of America for collection on the First National Bank of Sacramento.

He was informed that there was no such bank in Sacramento.

Wiefels and Son Open Handsome New Chapel

Wiefels and Son's \$75,000 mortuary and ambulance service building was opened formally last Saturday.

Located at 666 Vella road, the modern building was designed by the architectural firm of Clark and Frey and was erected by R. S. Pinckard, contractor.

The doors of the new establishment was opened for inspection by Villagers Saturday, it was announced.

The interior of the building has been tastefully furnished and the entire design of the building blends with the prevailing type of desert architecture.

Others who supplied material or had a hand in the construction of the new building are J. M. Connell Company, cooling and heating; Jay Denier Company, painting; V. Gilmore, plumbing; Aaron Shultz, Reg James, excavating; Jim Taylor, concrete and masonry; Daniels Plastering and Sunset Tile, roofing.

The chapel seats 105 persons with pews made of gum and ash wood and a color motif consisting of green and yellows.

In addition to the mortuary service Wiefels and Son for the past month has been supplying the city with an efficient ambulance service.

**Honesty Leads**

In Palm Springs This Week, It's Two to One

It takes all sorts of people to make up a community but in Palm Springs, the honest ones are in the majority.

Police records in the past week reveal this in listing lost and found cash.

Latest Villager who holds that it pays to be honest is W. E. Howard, 651 Calle Palo Fierro, who found a purse containing \$282 in cash and turned it over to the police. They believe that the purse and money belong to Charles Clifford, Randolph road, Marietta, Ohio, as a card bearing that name was found in the pocketbook.

Last Tuesday Miss Adelle George, 275 Camino del Norte, turned over to police a paper bag containing \$3,500 in cash, mistakenly given her by a Beaumont market clerk who thought it contained groceries.

On the other hand, one incident Thursday mars the honesty record. Esther Harris, Desert Hot Springs, reported she left a coin purse in the post office and on returning to seek it, was told by a postal employee that a woman had reported finding it.

The finder left her name and that of the hotel where she was staying with the postal clerk. A call to the hotel revealed, according to Mrs. Harris, that no one answering that name was registered.

Cyclones are largely beneficial, not destructive. The cyclone, not to be confused with the deadly tornado, is a broad, slowly rotating mass of air, covering hundreds of square miles, and the mother of our life-sustaining rains.

During his brilliant baseball career Babe Ruth hit 714 home runs.

**Jewish Community Center to Observe Passover Sedar**

The Jewish Community Center will hold its first congregational Passover Sedar next Friday evening at 6 p.m., Stanley Rosin, president, announced yesterday. Rabbi Alfred Wolf will officiate at the festive celebration which is open to all Jewish families in the area.

The dinner will be held at the Del Tahquitz hotel with Ed Lindfield doing the catering. Reservations are necessary and may be made by calling Mrs. Rose Decker, chairman, at 2289 or Mrs. Herman Reich at 4413.

**THE CENTURIES-OLD** Festival of Freedom will be observed by the Jewish Community Center concurrently with the other 17 affiliates of the Union of American Hebrew Congregations, central organization of Reform Jewish Temples in southern California.

Commemorating the deliverance of the Jews from slavery in Egypt, Passover is one of the most important holidays in the Jewish calendar. It continues for seven days, during which observant Jews eat unleavened bread, "matzos," according to the ancient Bible dictum.

**THE SEDER DINNER**, focal point of Passover, includes the colorful symbols associated with the liberation of the Jews. During the Seder service, which accompanies dinner, the story of this liberation is recounted by the family, in song and in story. In many instances, reform Jewish congregations will add to their congregational Seder the observance of vesper services on Passover eve and miniature Seders for the school children.

**This Side of Sun . . .**

... Would the automobile resent being called those names and blow a tire? ... I guess we'd better stick to the old fashioned method of stepping on the starter and using the steering wheel. ... Some people don't know right from left anyway. ... And if some people directed their car the way they give hand signals, what a pile of wreckage there'd be! ... It would be nice, though, to stand on the porch and yell to the garage: "C'mon, C'mon, let's go, I'm late to work now," and have the car meekly roll up to the steps.

**COMES ANOTHER** letter from H. G. Coulter who sent in a pre-election plea that city council candidates let us know where they stand on the benches we want to sit on. ... "Both candidates in my district were for benches," he writes, "so no matter if all of the others want to sit on their high horse, we'll at least have one councilman who would let us sit on a bench." ... Coulter also said he has a solution for high cost of government. ... "Why waste public funds on tens of thousands of fat salaries? ... Why not put the nation on the same basis as Palm Springs? ... Here we have more than a dozen men willing, nay, eager, to serve the public for nothing. ... This surplus of public altruism should be nation-wide." ... Now, if we only had benches to sit on to cogitate that one.

**IN LOS ANGELES** a man shot his wife, mistaking her for a burglar. ... Probably didn't know that a court recently ruled a woman had a right to go through her hubby's pockets. ... Conversely, or vice versa, a hubby has the right to explore his wife's handbag. ... She has all of the edge in this decision. ... Frank Partridge claims this is a true story. ... Down at the Center the workmen were eating lunch. ... One peeked into his sandwich, muttered "Peanut butter! Ugh!" but ate it. ... The next day, the same disgusted expression and the sandwich went into the dirt. ... Third day, ditto. ... "Why don't you tell your wife you don't like peanut butter?" asked a fellow workman. ... "You leave my wife out of this," snarled the first man, "I make up my own lunch."

**WITH THAT** I leave you to go to the polls to vote 'Yes' in the special fund election. ... Hoping you are the same, I am, yours truly. . . .

Thought must be made better, and human life more fruitful, for the divine energy to move it onward and upward.—Mary Baker Eddy.

**Seeded Players Survive in Net Tourney to Date**

Semi-finals are scheduled for Saturday at the Racquet Club with finals Sunday afternoon at the Tennis Club in the Palm Springs Tennis tournament now nearing the last brackets.

All favorites, up to yesterday's play, had advanced as scheduled and among the seeded players reaching the quarter finals are Paul Lukas, Colin MacArthur, Bob Beck, Harry Plymire and Gus Kettmann.

Men's foibles' favorites also advanced and play starts this week in mixed doubles and the men's singles consolation rounds.

**Girl Scouts**

The Girl Scouts certainly are looking forward to their last meetings of this season thanks to Major W. F. Davis of the Colonial House and Harry Mutascio of the Carmelita Hotel and Apartments who have made their swimming pools available to the girls. There is nothing like a cool swim on a hot day.

**CLOTHING DRIVE** — One of the three major aims of Girl Scouting is international friendship and in that respect during the balance of this year the girls plan to make up bundles consisting of complete outfits, preferably warm clothing, for the needy children of Europe. The girls are going through their own things for serviceable but outgrown clothing, preferably warm clothing. Anyone caring to help out in this worthy project, please leave clothing at the Fire Station.

**HIKE AND PICNIC**—Last Saturday was a wonderful day for an outing in Andreas Canyon and was enjoyed by members of Troop 5 of the Girl Scouts under the leadership of Mrs. D. E. Bond. Hiking, picnicking and dabbling in the cool stream were all part of the day's program as well as of the accomplishment of their badge work in respect to Out of Doors and Nature.

**MATINEE**—Tomorrow at the Plaza Theater is the day of the matinee for the benefit of the Girl Scout building fund. It is hoped that the program of Alice in Wonderland will be enjoyed by many, many adults as well as all the children of the Village.

**Earl F. Emmons of the Emmons Realty company** in Long Beach, in town this week announced that he has purchased the Benton Beckley property at 2388 Highway 111, near Palm Canyon drive, and plans to operate a real estate office there on a year-around basis.

**Heavy Safe Hauled Up Hill, Looted**

Burglars Raid Local Pharmacy, Make off With Cash, Checks

Failing to open the safe in the Whelan Drug store, 454 South Indian avenue, burglars carted it to the 2000-foot level on the Palms-to-Pines highway early Sunday morning, broke the steel compartment open and after tossing it over the side of the hill, escaped with approximately \$100 in cash and checks.

According to Sergeant Stanley Ehlert, investigating the theft, the burglars first gained entrance by forcing the east door of the establishment and then backed a truck up to the south entrance, placed the 300 pound safe aboard and drove away.

Before leaving the burglars discovered a secret hiding place where the next day's change cash, amounting to \$45, was hidden.

The safe was found twenty feet down the side of a hill below the 2,000-foot level on the mountain highway by Mac Tanker, Twin Palms apartments in Palm Village, who was in the area taking pictures. He notified the Sheriff's office at Banning, who in turn called Palm Springs police.

Sergeant Ehlert and Officer Howard Poe are investigating the burglary.

**Day of Fun**

Safety Patrol Members Feted by Lions Club

Fifty school children, members of the Palm Springs Junior Traffic Patrol, were feted in a manner they will long remember Saturday.

Sponsored by the Palm Springs Lions Club, the group, under the guidance of Traffic Officer Howard Poe, Lions Lloyd Simon and Wally Waring and George Bond, school transportation superintendent, started the day of fun and festivities at the miniature golf course at 10 a.m.

At Tramway Village later they played games and partook of hot dogs, cokes and milk. From there the journey led to Whelan's Drug store where milk-shakes were enjoyed.

The climax of the day was a treat to the Palm Springs theater at 2:30 p.m. as guests of the Lions and Earl Strebe.

## Miss Pinckney Honored on Eve Of Departure

Ruth C. Pinckney, daughter of the Rev. and Mrs. Wade Pinckney, will leave Thursday for Japan to enter the missionary field, was commissioned to serve in the Scandinavian Alliance Mission force at services at Community church Sunday night. It is the first time a missionary for the foreign fields was consecrated in Palm Springs.

The Rev. James H. Blackstone Jr., pastor of the church, Dr. J. R. Macartney, pastor emeritus and her father, Rev. Pinckney, officiated at the ceremony.

Members of the Young People's group presented her with a pressure cooker as a parting gift. Miss Pinckney is a graduate of

Cornell university and of the Moody Bible Institute of Chicago. She spent three years in missionary work in South America and has been in charge of Bible instruction in Pasadena. She has been studying in Seattle for her new field in the Orient.

Locally she was assistant to Dr. Macartney in Community church.

The actions of men are like the index of a book; they point out what is most remarkable in them. —David Thomas.

## Local Red Cross Wins High Praise For Its Activities

Board of Directors of Palm Springs branch of American Red Cross met in monthly session last Wednesday at Red Cross headquarters at Torney Hospital with Hilton McCabe presiding and 18 members and guests attending.

Mary Ellen Pangle, manager of Riverside County chapter, was present and complimented the branch of its great success in the recent Red Cross fund drive. Under the leadership of Chief of Police A. G. Kettmann, the Village was the first to go over its goal, reaching its quota in nine days and closing with a 75 per cent over-subscription.

PALM SPRINGS branch has been selected an a representative branch and will have delegates at both Sacramento and the San Francisco conventions this month and in June.

Eehti R. Peake, Elise M. MacNeil, Barbara Markert and Edna H. O'Reilly were presented social service certificates by Mrs. M. A. Harrington of Riverside for completion of a basic training course in social service. Mrs. Peake was chosen chairman of this department and Red Cross headquarters will be open from 11 a.m. to 1 p.m. Tuesday and 2 to 4 p.m. Fridays.

MRS. WARD HAYS, sewing chairman, reported that 119 garments had been completed for the Red Cross and Miss Doris Kresse told of the boxes packed by the Junior Red Cross to be sent children overseas.

A comprehensive report was presented by Robert Peterson, prepared by himself and Stanley Rosin, co-chairman of the committee. The county Red Cross chapter and Village branch are prepared to co-relate activities in case of a disaster.

## What Was It?

Brilliant Cloud Colors  
Puzzle Picnic Parties

What was it?

Members of picnic parties and the staff at the trading post in Palm Canyon were puzzled over the brilliant colors in the sky around noon Friday. The phenomena was visible from the area south of town.

First to report it was Mrs. Claude Yerkes who was in a picnic party with Rev. and Mrs. Glenn Taylor of the Emmanuel Presbyterian church Los Angeles and Dorothy Disney, niece of Walter Disney.

The color effect was displayed on thin clouds hanging over the Village.

Kaffir corn grown in the drier regions of the United States, originated in Asia and South Africa.

## Entertainment and Inspection

### High School To Be Host April 29 to Parents And Friends at Open House and Minstrel Show

Entertainment of a high order will be offered parents and patrons of Palm Springs High School when they attend open house Thursday evening, April 29. Mr. and Mrs. Alexander Hammond, noted for their successful musical productions are presenting a best-act minstrel and variety show for the open house program.

The high school concert and dance bands will contribute special novelty numbers for the occasion. Before the evening's stage show starts various classroom exhibits and demonstrations are to be scheduled for review by the public.

Palm Springs high school is credited among schools of the county with having outstanding musical and dramatic organizations.

**THEIR PROGRAM** rarely fail to delight open house audiences which are increasing in size from year to year. But P.S.H.S. does not limit its activity to music and dramatics. Its English, social studies, physical science, languages, and mathematics departments present evidence at Open House that Palm Springs is achieving academically, improving its high school classroom work qualitatively and quantitatively through improved student attitudes and disciplines.

Spectacular exhibits of completed student projects in arts, crafts, and woodworking will be displayed this year. The exhibits of jewelry, leathercraft, and pottery will be new and are expected to attract much attention.

**THE PROGRAM** at the high school on the evening of April 29 will start at 7:30. Programs will show a schedule of exhibits and demonstrations running until 9:00. Starting at 9:00, the minstrel and variety show will be presented outdoors in the high school patio on a specially constructed stage.

Open House is scheduled during American Education Week, an annual observance sponsored by the Masonic fraternity. In a period of world history when totalitarian concepts are threatening the destruction of free public education under a democratic system of government, the Masons are urging all American citizens to visit their schools during this week, by their presence showing their interest in the perpetuation of the American way—a system of free men and free institutions operating under the democratic concept.

### From Page One—MORE ABOUT Air Crash . . .

Mee took off from the Palm Springs Airport around noon on Sunday. Over the rugged terrain off Palm Canyon trouble developed causing the ship to pancake in the west fork of the canyon.

**THE TWO MEN** struggled out of the wrecked ship and decided to travel in opposite directions in an effort to reach safety. Christianson was successful in gaining the Palms-to-Pine highway at a late hour Sunday. He is reported to have been picked up along the highway by a passing motorist and taken to their home in a delirious condition. He stayed at this home all night and was taken to the Hemet Hospital the next day around 11 o'clock.

Regaining some composure, he told the story of the crash to deputy sheriff's at Hemet and asked if Tommy Mee had made it out of the Canyon safely.

Further questioning of the dazed man revealed the story that Mee was still wandering around in the canyon resulting in organization of the searching parties from Hemet and Palm Springs.

**FROM NOON** Monday until Mee was found last night, the Hemet posse reported by radio that it was following a trail of blood believed flowing from wounds incurred by Mee.

The posse from Hemet finally found Mee about ten miles from the mouth of canyon. An hour or so later the searching party led by Jim Maynard sighted the Hemet group.

**MEE** was turned over to the searchers from Palm Springs. An ambulance was rushed as near to the canyon as possible and the injured man was transferred to the Palm Springs Community Hospital.

Hospital authorities at both Hemet and here believe that both men will recover.

## Install Officers

### Local VFW Post Seats Officers for New Year

New officers of Palm Springs Frontier Post of Veterans of Foreign Wars were installed in the VFW hall in Indio Thursday night.

Walter Keil, commander of Desert Hot Springs post, acted as installing officer to seat for a second term Commander C. S. (Cap Lucky) Bassett, Dean Pickell as senior vice-commander and Chris Larkins as junior vice-commander. Other officers installed were: John Miller, second term as quartermaster; Rudolph Frigeri, post advocate; Rembert F. Trezevant, chaplain and adjutant; Ernest Johansen, surgeon and Fred Strombom, trustee.

Officers of the Frontier Post Auxiliary installed by District President Opal Walters included Verna Clark, president; Lillian Hale, senior vice president; Claudia Bassett, junior vice president; Marian Benzing, treasurer; Mable Bryant, chaplain; Alameda Lomax, conductress; Beatrice Hamilton, Helen Warner and Frona Gill, trustees.

## New Gymnasium Is Rising Rapidly

Five laminated wood arches rising to a height of 42 feet have been set in place this week to constitute the ribs for the roof of the new Palm Springs High School gymnasium on the high school campus on Ramon road. These arches are 20 feet apart. They will cover a floor area 80 feet wide and 104 feet long.

The arches, of novel design and fabrication, describe a 42 foot arch of a 55 foot radius, thus making nearly a perfect semicircle. The ends of the arches are mounted on fulcrum pins or steel, permitting slight movement.

## Medical Mission

### La Sierra Students To Be Here Tomorrow

Students of La Sierra College will be in Palm Springs tomorrow soliciting funds for the Medical Missions of the Seventh-day Adventist church.

This year, in addition to the repair of war-damaged properties Seventh-day Adventists will spend more than \$15,000,000 on humanitarian, uplift and welfare work. The church has medical and welfare centers to maintain around the world.

Members of the Seventh-day Adventists hold their services here in the Palm Springs Community church. M. L. Henry is the Palm Springs elder and Glenn Bowen, Beaumont, is the district elder.

## Summer School

### Woodridge Now Taking Reservations for Term

Reservations are now being accepted for the summer term at the Woodridge school for girls, located on the Mesa above Cherry Valley north of Beaumont.

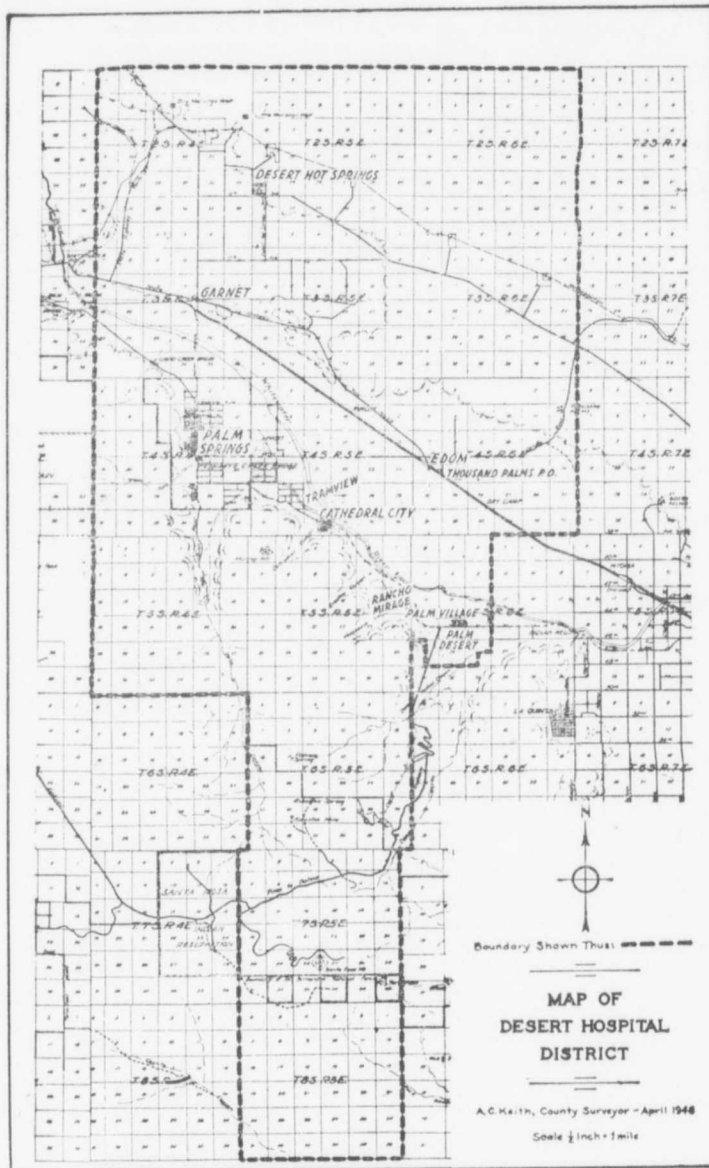

The course of study during the summer camp which starts July 1 to September 1, includes: first grade through high school, sports, arts, crafts, special tutoring.

The luxurious school building and campus are situated in one of the most beautiful spots in southern California. Announcement was also made that reservations are being accepted for the fall term as well. Parents interested may obtain a catalogue by writing Woodridge School for Girls, Box 375, Route 1 Beaumont, California.

### Roland Vaile Aids in College Fund Drive

Roland B. Vaile of Palm Springs is listed among the alumni active in the 1948 fund campaign for Pomona college, centered on financing of a \$225,000 war memorial gymnasium.

A record number of Pomona alumni are participating in this year's campaign, which also supports scholarships and student aid grants. Advance gifts already exceed \$36,000, an increase of \$2,000 over the same period last year.

**BOUNDARIES**—Scope of the proposed Desert Hospital district is shown on this map prepared by County Engineer A. C. Keith. It corresponds with the lines of the Unified Palm Springs school district with the addition of Palm Village and Palm Desert. Petitions for the formation of the district were drafted by Deputy County Counsel Fitzgerald. Keith and Fitzgerald are handling the legal and engineering details for the district at county expense. (Story on Page One.)

### From Page One—MORE ABOUT

## Hospital District . .

for formation of the district will be set in motion.

**INCLUDED** in the proposed district, from which a small amount of taxes would be raised each year to maintain the hospital, are the following communities: Desert Hot Springs, Garnet, Edom, Thousand Palms, Hidden Springs, Palm Desert, Palm Village, Rancho Mirage, Cathedral City, Tramview and Palm Springs.

The district would operate similar to a school district, its affairs directed by a board of directors of five members. They are limited by law to collection of taxes from 20 cents on each \$100 of assessed valuation, and it is hoped that the rate might be less here. Average cost to a homeowner in this area is expected to be between \$5 and \$10 a year.

**BESIDES INSURING** uninterrupted and first-class operation of the hospital, the district plan can extend to residents of the district a lower daily rate than given persons not living within the district.

Also, it will be unnecessary for the Hospital to seek maintenance funds through the annual appeal which is held in conjunction with the Community Chest. Chairman Kirk said. The first taxes are expected to be available after July 1, 1949 if the district is formally voted in next fall.

President Bennett outlined briefly the present situation of the Community Hospital here, explaining that the matter was covered fully in a letter mailed this week to every member of the Association. He warmly thanked Mr. Kirk for accepting the chairmanship of the campaign.

## Garden Club Holds Annual Election

Members of the Palm Springs Garden Club Saturday conducted their annual election and then joined in their annual garden tour which included four outstanding homes of the Village.

In the election, conducted at the home of Mr. and Mrs. John Hormel, the club elected as president Harry C. Harper, succeeding Mrs. George Mannington. Other officers chosen were Mrs. Frank Camp, vice-president; Gladys McClure, secretary; Horace Pendery, treasurer, and Mrs. Barney Johnson, librarian.

Plans also were completed for the annual picnic of the club to be held on the night of Tuesday, April 27 at the home of Mr. and Mrs. Ernest Alschuler.

Homes visited on the tour included those of Mr. and Mrs. James Kemper, Mr. and Mrs. Samuel Greenfield, Mr. and Mrs. William Kidston, and Mr. and Mrs. Martin S. Zalud.

Delicious refreshments were served by Mrs. Hormel following the business meeting.

Extensive plans are being laid for next year, including the proffer of the club's help to the City of Palm Springs in street and gardening work. Numerous experiments also are planned by the club to further develop information for guidance of local gardening enthusiasts.

Mrs. Johnson, librarian, announced further additions to the Frank W. Cutler Memorial Library whose books are available to the public at the Wellwood Murray Library.

## "I Rise to Remark"

By Congressman John Phillips

Now that America has allowed emotion, propaganda, and wishful thinking to guide it into a project to pay the bills for saving the world, without first finding out who will administer the program, just what the facts were, or when, in all history, money ever bought appeasement, friendship, or salvation, suppose we explore the reactions of the people who are to be saved.

The President announced the appointment of Mr. Paul G. Hoffman, president of the Studebaker Corporation, as the administrator of ERP, which has already, in true New Deal fashion, acquired a new name; he is to be administrator for Economic Cooperation.

**MR. HOFFMAN** made an enviable record in pulling Studebaker from financial difficulties into success. However, it's hard sometimes, without a second look, to tell which way the Studebaker car is headed, and I find the same difficulty when I read one of Mr. Hoffman's first statements: that he "hoped to develop Soviet trade with the nations of Western Europe."

I've been telling you for weeks that this is what the Western nations have in mind, and I put into the Congressional Record a statement to that effect from the Foreign Minister of Norway, but the State Department and the President have insisted otherwise. Maybe a Studebaker official was a good choice, considering these facts!

**WHAT DO OTHER NATIONS** think about the Plan? A London paper with 4,000,000 circulation, polled its readers. They were opposed to the Marshall Plan. A national magazine in this country has an article in the current issue; a poll in England, Sweden, Switzerland, France, and Italy. One question was, are you for the Marshall Plan, against it, or indifferent? A minority hadn't heard of it. Of those who did know about it, the following favored the plan: In England, 55 per cent with 30 per cent undecided; in Sweden 50 per cent with 42 per cent undecided; in Switzerland 57 per cent with 39 per cent undecided; in France 63 per cent with 22 per cent undecided, and in Italy 65 per cent with 21 per cent undecided. The figures are not conclusive but they do not seem to support the emotional urgency impressed on the Congress, and the people, by Mr.

Mature, dense stands of virgin forest, contrary to popular opinion, are almost devoid of wildlife. Only where the forests are broken by open spaces is enough food produced to support animal life in abundance.

Our character is but the stamp on our souls of the free choice of good or evil we have made through life.—J. C. Geikie.

It is vain to expect any advantage from our profession of the truth if we be not sincerely just and honest in our actions.—James Sharpe.

Truman and the State Department.

**IN THE FACE** of California's dryness, it might be well to reread a paragraph in the London *ECONOMIST*, October 18, 1947: "Maybe, when the next drought comes \* \* \* they (America) will be in better shape to ride it out, and more adapt the conditions which will confront them." (The article then talks briefly here about the dust bowl) "but the time is rapidly approaching when rain will be too late to prevent serious trouble next year. The danger that Europe's hungry may revive. America's dust bowl is a real one, a fact with which the writers of the Paris Report will be forced to reckon."

I rise to remark that INFLATION is a form of economic erosion, which threatens our economic life, and our future productivity, and thus our ability to support ERP's or ECP's or continual aid to other nations. We should remember a comment in the London *SPECTATOR*, for October, 1947, "America has plenty; but not plenty for all the world."
